## **Volume Two (1808-1821)**

By [Crispin.Rendon@gmail.com](mailto:Crispin.Rendon@gmail.com)

This book has descendant reports for the marriage records found for the Nuevo Leon town named, in earlier times, Valle del Guajuco, and currently named Santiago, for the period of 1808-1821. The church records used are those found on images (60-161) found online at [www.familysearch.org](http://www.familysearch.org) in the Mexican Church Records, browse image collection, for Santiago marriages 1797-1841. Use the image information, given for each descendant report found in this volume, to quickly locate the online marriage record.

Labeling people by Race and caste was still occurring at that time. Labels such as Mulato, Indio, Mestizo, Coyote, Lobo and Tresalvo are presented as lowercase titles. There are many Native Americans in these records but sadly only one is identified by tribe. Eugenio Alberto HERNANDEZ was a Tlaxcalteco.

The index is found on page 345. All of the people in this volume are found in the index. The sort order in the index is impacted by titles used.

#### Notes:

Images 102-110 are duplicates of images 115-123.
